

The School Council

We have so much fun at school.
I like learning, reading, writing and planning...
Reception

I enjoy learning in the link zone and the daily mile.
Floppy Phonics helps us know the words. Y1

I feel respected, we have started to walk to school more because of our eco-project.

I learn all the time, my reading is so much better! Y2

The School Council really value their friends and their other pupils point of view. They felt it was so important that they developed a questionnaire to ask all pupils' point of view about our school and what school offers us.

There were 13 questions altogether... asking the children if they liked school, if they felt safe at school and how successful they felt at learning.

As a School Council we then counted, checked and verified our results which were incredibly POSITIVE!!!

The comments the children made are here for you to share...

It's so kind and caring here, we have a green room to use when we need it.
I like everyone and everything!
Y3

The special teachers here make a difference.
We take extra care of people with extra needs- they have their own teachers. Y4

We have a pupils' curriculum team
We have so many options here; like digital leaders, the green room, PAWS and our School Council. Y5

...we are a family... We stay away together on our residential!
We get special opportunities: we raised our own money to go to London to see The Lion King! Y6
