- Works collaboratively as part of a team and contributes to the wider life of the school
- Develops positive relationships with children, parents, staff, governors and the wider community which reflect the school's values and ethos
- The ability to lead computing would be an advantage

In return, Castle Hill can offer you a welcoming and supportive environment, opportunities for professional development, dedicated subject leadership time and the chance to make a real difference in the lives of our children.

If you are passionate about education and ready to inspire the next generation, we would love to hear from you.
