

18th December 2019

Christmas Edition 2019

Since September, the Daily mile has gone on. Each day for 15 minutes, the school run as many laps as they can. Recently, the school bought a running track so that children don't have to get wet feet.

We have asked children for their opinions and here they are: Liam (year 6) has told us that it is good because it keeps us fit! Furthermore, Evan (year 5) said, "Its very good for our bodies." Also, he told us that its good because it encourages people to run.

As part of our 5 ways to well being, children have been set a challenge to run as many laps as they can. Also, there is another challenge if you can do enough miles to reach Lap land. As well as that, during every diamond assembly teachers will pick a child from their class -who has tried extremely hard in the Daily mile- to stand up and be congratulated!

Some more quotes that have been said include: Daisy (year 6) has told us that it helps to keep us to stay fit and healthy as well as it being good exercise! Another opinion from our school is that it calms me down from the stress in life; she really enjoys it- Hollie year 4.

Even though some people don't enjoy

By Isabella O'Connor and Grace Harris

The building work has been a great success this year. The work started just before the summer holidays and it finished a couple of months ago.

Everything around the main reception has moved; Mrs. Broadhurst now has a new office -which is where the old reception used to be. Her old office is now a massive space where the staff, teachers and other important people hold their conference meetings.

Hannah (who works in the office) told our reporters that she now has lots of room to work and sort out files. She continued to say, "the builders have worked very hard over the summer holidays."

Everyone around the school is eager to have a look at the building work. The building work has enabled the main entrance to be in a more stable condition for an improvement to our already outstanding school.

running and some people do , it is a huge success. This is because it keeps our minds fit as well as our bodies. When most people have finished their short run they usually feel refreshed and ready to do their afternoon creative curriculum! For our miles to Lap land challenge we're counting how many laps the whole class do each day.

Our school have amazing sporting abilities -which have a chance to shine- during the Daily mile!!!

Nativity

They were all really good and everyone enjoyed it (especially us!).

On 12th December, reception did a nativity play called: 'Under the Christmas Star'.

Many people said that they were so cute and brilliant little actors. Lorna (year 6) has told us that she really enjoyed the nativity because it was funny and the costumes were really cute.

Jude said " The receptions were really funny and spectacular." The reception children knew what to do and there were only a few errors. The teachers (Mrs Warren) did a great job at teaching the receptions.

New school entrance and offices

One of the most recent matches for the A Team was against Brockworth Primary versus Castle Hill at home.

The game was a really intense game because the winner of the game went top of the group and would hope to go through to the next round.

The game kicked off at 3:30PM and finished at 4:00PM. The starting line up for the game was Jacob Mason, Olivia Aldridge, Charlotte Tredwell, Alfie Mason, Lorna Watson, Michael O'malley and Sam Tout with Lexson Taylor, Jude Howard and Ryan Van Zyl on the bench.

The game started very intensely with a counter attack for Castle Hill and the shot from the edge of the box and eventually going out for a corner.

The first goal came when Sam Tout struck the ball from just inside the box and the keeper parried it into his own net and that's what makes it 1-0 to Castle Hill.

There was another chance for Brockworth but another amazing tackle from Jacob Mason making it a corner to Brockworth.

The second goal in the game came when

Alfie Mason was on the counter with a lot of support but he doesn't need it because he caresses it into the bottom corner of the goal.

HALF TIME REPORT:

Avery good half for both teams and will be very interesting to see what happens in te second half.

To make it 3-0 Alfie Mason slots home an empty net from a pass from Lorna Watson. At the end of the game, Brockworth got a consolation goal in the last minute.

Good luck to all of the teams representing the school for the rest of the season.
